

Study the example. Then write the product in each circle.

5

$5 \times 2 = 10$

$5 \times 1 = 5$

$2 \times 1 = 2$

Solve the **subtraction** problems. Look at the key to find the correct colors for the scarecrow. Color the scarecrow.

	
12 – orange	11 – red
14 – yellow	13 – green
15 & 16 – blue	9 – purple
