

Name \_\_\_\_\_

**Subtract the ones column.** If you cannot count backward on all of the TouchPoints, **regroup** by borrowing one ten from the **tens column**. Add the ten to the ones; then touch and count backward from the new number in the ones column. Next, subtract the tens column.

$$\begin{array}{r} \text{T} \quad \text{O} \\ \hline 20 \\ - 9 \\ \hline \end{array}$$

$$\begin{array}{r} \text{T} \quad \text{O} \\ \hline 46 \\ - 8 \\ \hline \end{array}$$

$$\begin{array}{r} \text{T} \quad \text{O} \\ \hline 10 \\ - 2 \\ \hline \end{array}$$

$$\begin{array}{r} \text{T} \quad \text{O} \\ \hline 45 \\ - 18 \\ \hline \end{array}$$

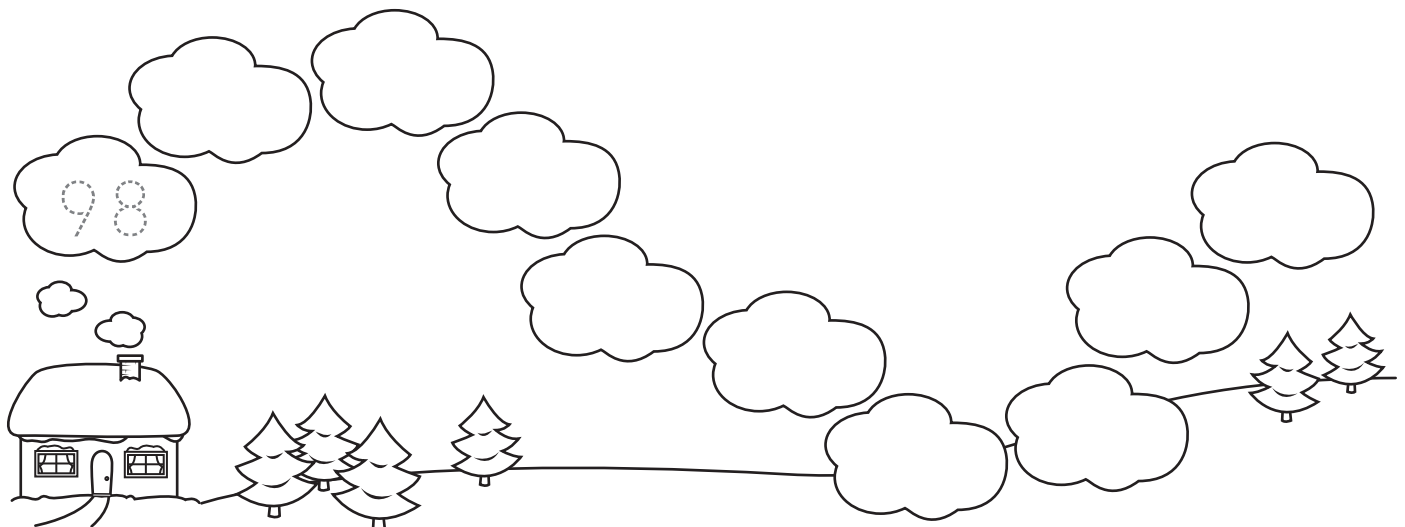

$$\begin{array}{r} \hline \downarrow \\ 15 \\ - 6 \\ \hline \end{array}$$

$$\begin{array}{r} \hline \downarrow \\ 96 \\ - 17 \\ \hline \end{array}$$

$$\begin{array}{r} \hline \downarrow \\ 45 \\ - 19 \\ \hline \end{array}$$

$$\begin{array}{r} \hline \downarrow \\ 38 \\ - 19 \\ \hline \end{array}$$

Write the numbers as you count backward from 98 to 89 on the puffs of smoke from Granny's chimney.
