

Directions: Draw a path as you count from 50 to 70.

A maze designed for a counting exercise. The maze starts at a dog character at the number 50. The path through the maze is defined by the sequence of numbers: 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, and 70. The path ends at a bone character at the number 70. The maze is composed of various rectangular and irregular shapes that create a single continuous path through the numbers.
