

# Getting Started

## Activating Your TouchMath Account

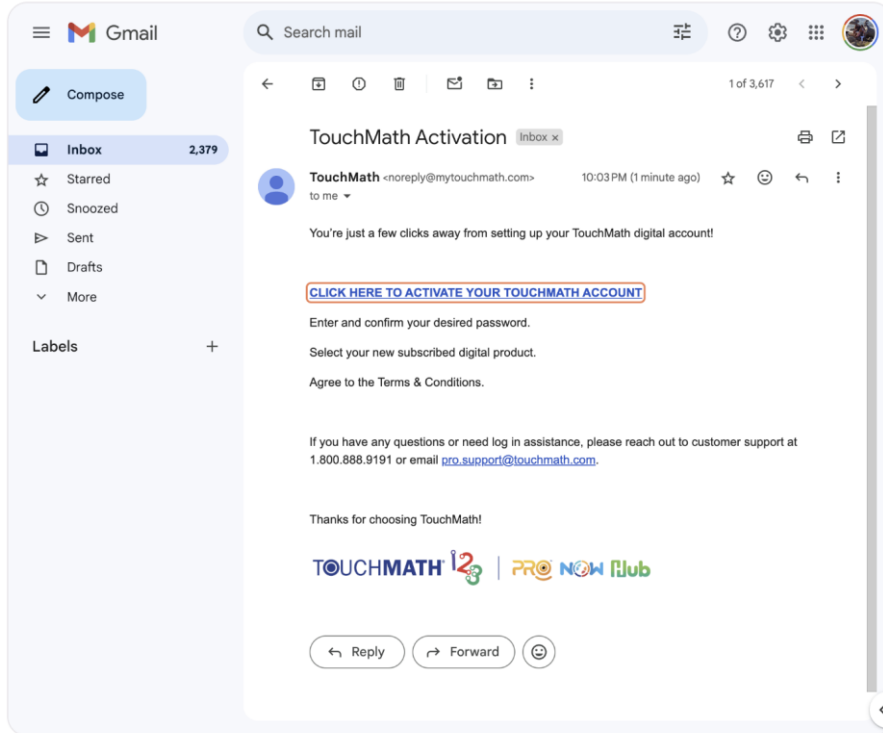

This step-by-step guide walks you through the steps of activating and creating your TouchMath account. For additional support on activating or creating your TouchMath account, please contact your school or district administrator or email [customerservice@touchmath.com](mailto:customerservice@touchmath.com).

### 1 Activate your TouchMath Account

Check your district assigned email for your activation email. The subject of the activation email is 'TouchMath Activation'.

- 2 Open the TouchMath Activation email and click on **CLICK HERE TO ACTIVATE YOUR TOUCHMATH ACCOUNT**

- 3 Create your TouchMath password

Do not share your TouchMath password with anyone.

The screenshot shows the 'MY TOUCHMATH' password creation page. It features two input fields: 'New Password' and 'Repeat New Password', both containing masked characters. A 'Submit' button is located at the bottom right. Below the fields, there is a link: 'Having trouble setting your password? Click [here](#) to receive a new password.' The footer contains the text 'Version 2.0 • ©2024 TouchMath® All Rights Reserved.' and links for 'Privacy' and 'Terms'.

4 Click on Submit
