

Student Roster

Create a Group

This guide shows educators and administrators how to create a group. A group organizes one or more students into a category. A group could be a small group of students who work together, students who are in the same grade that you work with one-on-one or in small groups, skill-based or intervention based, and/or based on setting or time of instruction.

- 1 Click on Student Roster

The screenshot shows the MYTOUCHMATH interface for George Test School 001. The user is Lauren Costello. The dashboard features a grid of menu items with counts and dropdown arrows. The 'Student Roster' item is highlighted with a red border. To the right, there is account information for George Jiang as the Account Lead Administrator and Lauren Costello as the Account Co-Administrator. Contact information for TouchMath Customer Service is also provided.

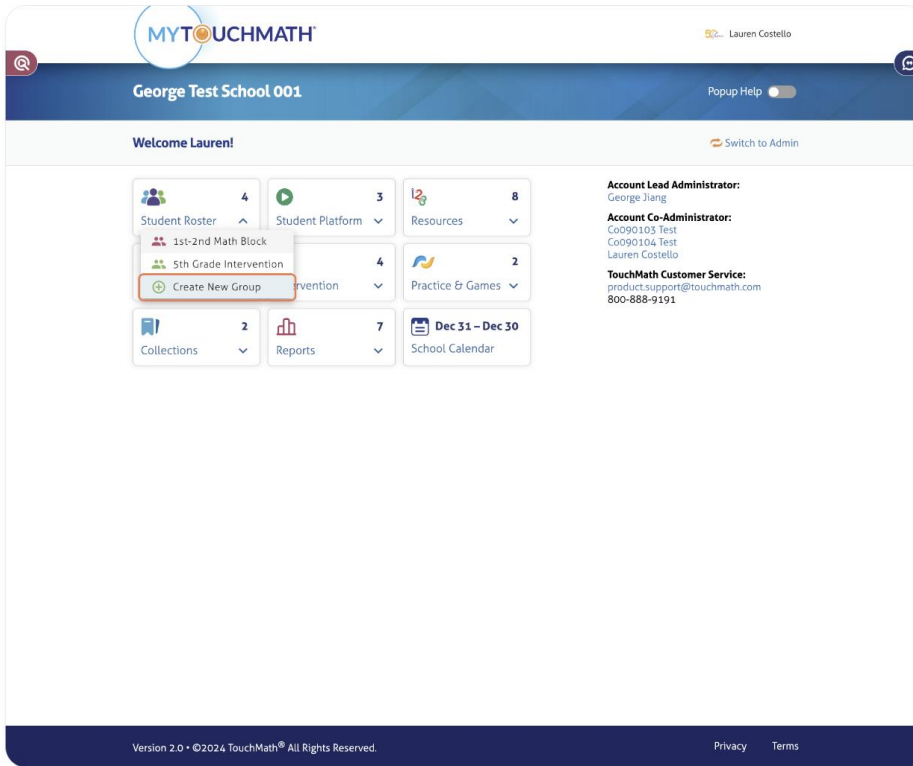

Item	Count
Student Roster	4
Student Platform	3
Resources	8

Intervention	4
Practice & Games	2
Collections	2
Reports	7
School Calendar	Dec 31 – Dec 30

Account Lead Administrator:
George Jiang

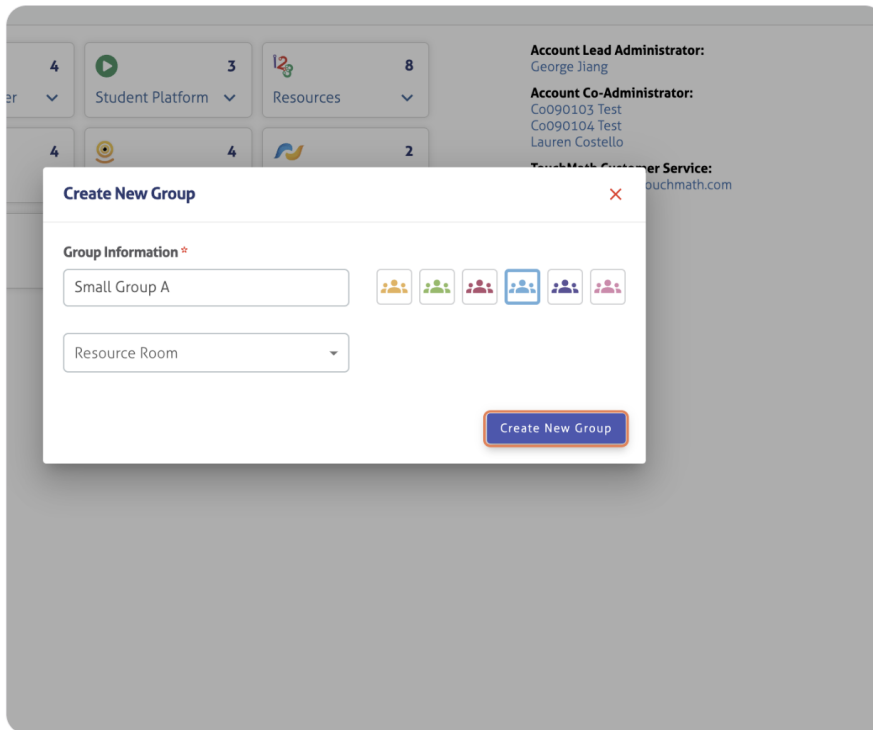

Account Co-Administrator:
Co090103 Test
Co090104 Test
Lauren Costello

TouchMath Customer Service:
product.support@touchmath.com
800-888-9191

2 Click on Create New Group

3 Complete the required information to create a new group. After, click on Create New Group

- 4 After successfully creating a group, a green Group Created notification will appear

The screenshot shows the MY TOUCHMATH dashboard for George Test School 001. A green notification box at the top center displays a checkmark and the text "Group Created." The user is identified as Lauren Costello. The dashboard features a grid of tiles for various functions: Student Roster (4), Student Platform (3), Resources (8), 1st-2nd Math Block, 5th Grade Intervention (4), Small Group A (4), Practice & Games (2), Create New Group, Collections (2), Reports (7), and Dec 31 - Dec 30 School Calendar. On the right, contact information for Account Lead Administrator, Account Co-Administrator, and TouchMath Customer Service is provided. The footer includes the version number (2.0) and copyright information (©2024 TouchMath®).
