

Fall is a busy time of year for the CritterCrew! UnoBear made delicious apple cider to sell to his woodland neighbors.

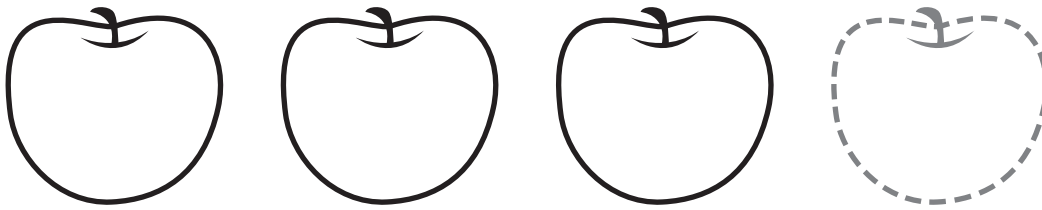

Draw **1 more** apple in Uno's paw. How many apples is Uno holding **in all**? _____

Add 1 more apple to the tree. Now what is the **total** number of apples in the tree? _____

Then **add 1 more** apple on Uno's table. What is the **sum** of the apples on the table? _____

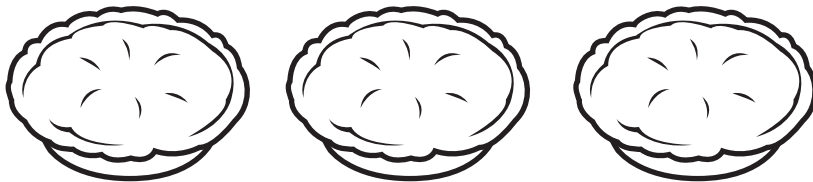

How many apples do you see? Draw **1 more** apple. Write the number of apples there are **altogether**.

How many apple seeds do you see? Draw **1 more** apple seed. Then write the **total** number of seeds.

How many apple pies do you see? Draw **1 more** apple pie. Write the number of pies **in all**.

How many caramel apples do you see? Draw **1 more** caramel apple. Write the **sum** of the apples.
